TECHNICAL SKILLS

- Programming: Java, Python, Kotlin, JavaScript, PHP, SQL, C, C++, R
- Frontend Development: React.js, HTML5, CSS3, Tailwind CSS, Vite, AJAX
- Backend Development: Node.js, Express.js, JSP / Servlets, JDBC, REST APIs, JWT Authentication
- Mobile Development: Android Studio, Kotlin, Gradle, RecyclerView, SharedPreferences, LiveData, ViewModel
- Databases & ODM: MongoDB, MySQL, Mongoose
- Deployment Tools: Git, Github, Docker, Figma
- Testing Tools: Postman, Playwright, Jest, Debugging & Testing

PROJECTS

CeylonLeaf - Tea Plantation Management System

- Developed a web-based tea plantation management system to manage tea estates, worker activities, harvest records, and production tracking with secure data management and an intuitive user interface.
Technologies Used: React.js, Node.js, Express.js, MongoDB, JWT Authentication, Axios, Tailwind CSS, REST APIs.
Deployment & Hosting: Vercel Frontend, Render Backend, environment variable management

HelpAura - Online Help Desk

- Designed and developed an online help desk system that enables users to submit support requests, track ticket status, and communicate with administrators through an efficient ticket management process.
Technologies Used: Java Servlets, JSP, JDBC, MySQL
Outcome: Replaced paper/email workflows with centralized, trackable service.

JobsAdawiya - Online Job Portal

- Built an online job portal that allows employers to post job vacancies and job seekers to search, apply for jobs, and manage applications with secure and efficient data handling.
Technologies Used: PHP, MySQL, AJAX, JS, HTML5, CSS3
Outcome: Improved job discovery and reduced support load via better UX

Daily Habit Tracker & Mood journal with Emoji selector & Hydration Reminder - Mobile Application

- Designed and implemented an interactive mobile application that helps users track daily habits, record moods using emoji selections, and maintain healthy hydration routines through reminder notifications.
Technologies Used: Kotlin, RecyclerView, SharedPreferences, Notifications, Widgets
Outcome: Improved daily engagement with offline persistence and UI clarity.

EDUCATION

Sri Lanka Institute of Information Technology (SLIIT)

2023 - Present

BSc. (Hons) in Information Technology, specializing in Information Technology

University of Moratuwa (CODL)

2023

Diploma in Information Technology

CERTIFICATIONS

- **Cambridge English (KET) Pass** | (Council of Europe - Level A2)
 - **Diploma in IT** | (Esoft Metro Campus, Badulla)
 - **Certification for IT Essential** | Cisco Network Academy
 - **Certification for Network Essential** | Cisco Network Academy
 - **Certification for Cybersecurity Essential** | Cisco Network Academy
-

LANGUAGES

English - Professional working proficiency
Sinhala - Native

INTEREST

- Problem solving and logical thinking
- Continuous learning and skill development
- Data visualization and dashboard design
